

MISSOURI SCHOOL NURSES

You are invited to participate in an e-mail communication list managed by the Department of Health and Senior Services, Division of Community Health, WIC and Nutrition Services Unit.

The **purpose** of the **School Nurse Nutrition Network** is to distribute nutrition information that is applicable to you in your role as a health care professional in a public/non-public school setting. **School Nurse Nutrition Network** letters contain timely nutrition information and are prepared or reviewed by the Child Nutrition Program Manager who is a Registered Dietitian and licensed in the state of Missouri.

Letters distributed through the School Nurse Nutrition Network include:

- grant opportunities,
- web links to fast food nutrition information,
- registration information for educational training opportunities,
- ordering information for free resources including evidence supporting the eight components of Coordinated School Health programs,
- dietary intake and weight data of Missouri children,
- National Nutrition Month activities,
- applications for statewide and nationwide school recognition,
- 5 A Day month activities, and
- much more!

Sign up to receive future letters by providing your e-mail address. If you are not able to receive the letter by e-mail, you may provide a mailing address.

Return your response to Rita Arni, Child Nutrition Program Manager

By e-mail: arnir@dhss.mo.gov

By fax: 573-522-3244

By phone: 573-751-6183

☐ Yes, I'd like to receive **School Nurse Nutrition Network** letters!
